

Native Plant Species Eaten By Kereru

| Scientific Name | Common Name | Maori Name | Food |
|---------------------------------|---------------------------------|----------------------|--------|
| <i>Alectryon excelsus</i> | | Tītoki | F |
| <i>Aristotelia serrata</i> | Wineberry | Makomako | F/L |
| <i>Aristotelia hybrids</i> | Wineberry | | F/L |
| <i>Astelia fragrans</i> | Bush Astelia | | F |
| <i>Beilschmiedia tawa</i> | | Tawa | F |
| <i>Carpodetus serratus</i> | Marbleleaf | Putaputawētā | F/L |
| <i>Clematis paniculata</i> | New Zealand Clematis | | L |
| <i>Coprosma areolata</i> | Thin/Vein Leaved Coprosma | | L |
| <i>Coprosma "Black Cloud"</i> | | | L |
| <i>Coprosma lucida</i> | Glossy karamū | Karamū | F |
| <i>Coprosma propinqua</i> | Black scrub | Mingimingi, mikimiki | L |
| <i>Coprosma pseudocuneata</i> | | | F |
| <i>Coprosma repens</i> | Mirror Bush/Looking Glass Plant | Taupata | F |
| <i>Coprosma rhamnoides</i> | Twiggy Coprosma | | F |
| <i>Coprosma rotundifolia</i> | Round-Leaved Coprosma | | L |
| <i>Cordyline australis</i> | Cabbage Tree | Tī kōuka, Tī rākau | F |
| <i>Corokia spp.</i> | | | F |
| <i>Corynocarpus laevigatus</i> | | Karaka | F |
| <i>Dacrycarpus dacrydioides</i> | White Pine, Kahikatea | Kahikatea | F |
| <i>Dacrydium cupressinum</i> | Red Pine, Rimu | Rimu | F/L |
| <i>Elaeocarpus hookerianus</i> | | Pōkākā | F |
| <i>Fuchsia excorticata</i> | Tree Fuchsia | Kōtukutuku | Fl/L/F |
| <i>Griselinia littoralis</i> | Broadleaf | Pāpāuma, Kāpuka | L/F |
| <i>Hedycarya arborea</i> | Pigeonwood | Porokaiwhiri | F |
| <i>Hoheria angustifolia</i> | Narrow-leaved Lacebark | | L |
| <i>Hoheria glabrata</i> | Mountain Lacebark | | L |
| <i>Leptospermum scoparium</i> | Tea Tree | Mānuka | L |
| <i>Lophomyrtus bullata</i> | New Zealand Myrtle | Ramarama | F |
| <i>Lophomyrtus 'kathryn'</i> | | | F |
| <i>Lophomyrtus obcordata</i> | New Zealand Myrtle | Rohutu | F |
| <i>Manoao colensoi</i> | Silver Pine | Manoao | L |
| <i>Melicytus lanceolatus</i> | Narrow-leaved mahoe | Māhoe-wao, hinahina | L/Fl/F |
| <i>Melicytus micranthus</i> | Swamp mahoe | | |
| <i>Melicytus ramiflorus</i> | Whitey wood | Māhoe | L/Fl/F |
| <i>Metrosideros diffusa</i> | Climbing Rata, White Rata | | L |
| <i>Metrosideros umbellata</i> | Southern Rata | Rātā | L |
| <i>Myoporum laetum</i> | NZ Ngaio | Ngāio, Kāio | F |
| <i>Myrsine australis</i> | | Māpou | F |
| <i>Myrsine divaricata</i> | Weeping Matipo, Weeping Mapou | | F |
| <i>Nothofagus menziesii</i> | Silver Beech | Tahina | L/F |
| <i>Parsonsia capsularis</i> | New Zealand Jasmine | | L |
| <i>Parsonsia heterophylla</i> | Native Jasmine | | L |
| <i>Passiflora tetrandra</i> | New Zealand Passionfruit | | F |
| <i>Pennantia corymbosa</i> | Ducksfoot | | F/L |
| <i>Pittosporum eugenioides</i> | Lemonwood | Tarata | F |
| <i>Plagianthus regius</i> | Lowland Ribbonwood, Ribbonwood | Manatū | F |
| <i>Podocarpus nivalis</i> | Snow Totara | | F |
| <i>Podocarpus totara</i> | Totara | Tōtara | F |

F = Fruit/ and or Seeds Fl = Flowers L = Leaves and or Buds T= Twigs

Native Plant Species Eaten By Kereru

| | | | |
|---------------------------------|--|------------|------|
| <i>Podocarpus hallii</i> | Hall's Totara | Tōtara | F |
| <i>Prumnopitys ferruginea</i> | Brown Pine | Miro | F/L |
| <i>Prumnopitys taxifolia</i> | Black Pine | Mataī | F |
| <i>Pseudopanax crassifolius</i> | Lancewood | Horoeka | F |
| <i>Pseudopanax ferox</i> | Fierce Lancewood, Toothed Lancewood | Horoeka | F |
| <i>Pseudowintera colorata</i> | Peppertree | Horopito | F |
| <i>Raukawa edgerleyi</i> | (ex <i>Pseudopanax edgerleyi</i>) | Raukawa | F |
| <i>Raukawa simplex</i> | (ex <i>Pseudopanax simplex</i>) | Haumakōroa | L |
| <i>Ripogonum scandens</i> | Supplejack | Kareao | F |
| <i>Schefflera digitata</i> | Seven Finger | Patē | F |
| <i>Solanum laciniatum</i> | Bullibulli | Poroporo | F |
| <i>Sophora</i> spp. | | Kōwhai | L/FI |
| <i>Streblus heterophyllus</i> | Small-Leaved Milk Tree | Tūrepo | F |
| <i>Vitex lucens</i> | | Pūriri | F |
| <i>Weinmannia racemosa</i> | | Kāmahi | |
